### **RESTRICTION**

1. Restriction to one of the following invention is required under 35 U.S.C.121:
  - I. Claims 1-6, and 28 drawn to an information generating device which creates files, wherein information among communication files is related by hyperlinks, classified in class 707, subclass 205.
  - II. Claims 7-21, and 26-27 drawn to route information display on the basis of road network, classified in class 340, subclass 995.14.
  - III. Claims 29-61 drawn to a communication-type navigation system, classified in class 701, subclass 209.
2. The invention are distinct, each from the other because:

Inventions I, II, and III, are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions because: invention I determine an information generating device which creates files, wherein information among communication files is related by hyperlinks, invention II relates to route information display on the basis of road network, and invention III relates to a communication-type navigation system, wherein the communication protocol suitable for use in the network is a wireless application protocol.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purpose as indicated is proper.
